

RAIL CONNECTOR RC-01

The connector is designed to connect the 2 rails together, high quality components, and withstand severe weather conditions.

Product features

Name	Rail connector
Material	High grade aluminum alloy, corrosion resistant Al 6005-T5
Processing method	Extruded, Anodized,
Surface flatness	0,1
Color	Natural silver
Weight	62.8 (g)
Tensile strength, yield (stretch 5 mm/min)	16.36 (kN)

- There are no oil stains, cracks, corrosion spots, delaminations, air bubbles on the surface of profiles.
- The cross section of the product does not have bends, twists, deformations or protrusions according to the requirements of the drawing
